The following is a response to the inspection report prepared by the Health Department Food Safety Officer Dean Small and/or Scott Kikendall at the Grant Co. Health Department on 1-5-2021.

DATE: 1-5-21 Action Taken:

To ensure the issues noted on the inspection report for 1-5-21 are corrected, I have printed the Ecotab standards for cleaning floors and floor/wall junctions to better train associates on proper tools, chemicals, and techniques needed to ensure cleanliness. This also provides an example to follow for what clean looks like for those areas. I also made sure to silicone the tables attached to the walls and inspect others for silicone in good condition.

To be addressed and corrected by end of business January 5, 2021.
